DIRECTORY INFORMATION

The Milford Board of Education has a policy pertaining to student records and the handling of them. First of all, the district has not nor will it ever sell, share or provide personal information to profit-making companies or organizations without your written consent. Federal law, the Family Educational Rights and Privacy Act (FERPA), affords parents certain rights with respect to the student's education records. The law also provides school districts with the right and requirement to disclose directory information to outside organizations including military recruiters without a parent's prior written consent. The district designates the following information as "directory information".

1. Student's name
2. Student's address
3. Student's date of birth
4. Student's phone number
5. Student's place of birth
6. Student's major field of study
7. Student's dates of attendance
8. Student's date of graduation
9. Student's sports and activities
10. Student's weight and height if a member of an athletic team

The information above details the specifics of the FERPA law. If you do not want Milford Schools to disclose directory information from your child's education records, you must notify the district in writing as to which items of the directory information you want kept private. The notification is due by September 1, 2023. Parent support groups in our district create student directory booklets for building use. Those directories are not restricted by this law since they are produced by school organizations and maintained for school related use only. The district is abiding by Federal law in providing this information to you. Thank you for your attention to this matter and best wishes for a fulfilling school year.

1. Students taking AP classes will be expected to follow Milford's Course Schedule Change Policy. If a student wishes to drop the course due to academic struggles or social-emotional health, a meeting between parent, student, counseling, and administration must occur.
2. Any student taking 2 or more AP courses may be required to meet with a counselor to review the required workload for each course prior to summer.
3. During the school year a student takes an AP course, the student is required to take the AP Exam and complete any related projects or presentations that contribute to the final AP Score from CollegeBoard.
4. There is no connection between the class grade and the AP exam grade.
5. There is no guarantee that every student will score high enough on the exam to earn college credit.
6. Inappropriate student behavior which interferes with the teacher's ability to teach, or deprives other students from the advanced learning opportunities, will result in a removal from class.
7. If you don't pay your AP fee by October, the date of test order, guardians will be notified and need to establish an agreed-upon payment plan to ensure the fees are paid by the test date.

POSITIVE BEHAVIOR INTERVENTION SUPPORTS (PBIS)

PBIS is a multi-tiered school-wide, behavioral framework developed and implemented for the purpose of improving academic and social outcomes and increasing learning for all students. The Board directs the Superintendent/designee to develop a PBIS system/framework consistent with the components set forth in the State Board of Education's (SBOE) policy, State law and this policy. The District implements PBIS on a systemwide basis in an effort to promote positive interactions and solutions within the District. The District encourages family involvement as an integral part of its PBIS system. This policy is implemented in accordance with all applicable definitions set forth in State law.

PBIS Framework

The framework includes a decision-making framework consisting of multiple school staff members who guide selection, integration and implementation of evidence-based academic and behavior practices for improving academic and behavior outcomes for all students. It also includes the following integrated elements:

1. data-based decision making
2. evidence-based practices along a multi-tiered continuum of supports
3. systems that enable accurate and sustainable implementation of practices and
4. progress monitoring for fidelity and target outcomes.

The District standards for implementation of PBIS include:

1. student personnel will receive professional development in accordance with State law and this policy;
2. explicit instruction of school-wide behavior expectations;
3. consistent systems of acknowledging and correcting behaviors;
4. teaching environments designed to eliminate behavior triggers and
5. family and community involvement.

Professional Development for the Implementation of PBIS

Student personnel receives professional development for the implementation of PBIS at least every three years from a building or District PBIS leadership team or other appropriate source in collaboration with the PBIS leadership team. Professional development is in accordance with the District's PBIS training plan, the District ensures there are continuous training structures in place and training requirements may be modified for the intended audience. The District retains records of completed professional development, including a list of participants.

Professional development addresses the following topics:

1. an overview of PBIS;
2. the process for teaching behavioral expectations;
3. data collection;
4. implementation of PBIS with fidelity;
5. consistent systems of feedback to students for acknowledgment of appropriate behavior and corrections for behavior errors and
6. consistency in discipline and discipline referrals

General Rules for Restraint and Seclusion

While the District wishes to promote positive interactions and solutions, when a student's behavior presents an immediate threat of physical harm to the student or others and no other safe or effective method of intervention is available, approved physical restraint and seclusion may be used to maintain a safe environment.

The District does not engage in practices prohibited by State law, including:

1. prone restraint (including any physical restraint that obstructs the airway of the student, or any physical restraint that impacts a student's primary mode of communication);
2. any form of physical restraint that involves the intentional, knowing or reckless use of any technique that:
 - A. involves the use of pinning down a student by placing knees to the torso, head or neck of the student;
 - B. uses pressure point, pain compliance or joint manipulation techniques or
 - C. otherwise involves techniques that are used to unnecessarily cause pain.
3. corporal punishment, as defined in Ohio Revised Code Section (RC) 3319.41;
4. child endangerment, as defined by RC 2919.22;
5. deprivation of basic needs;
6. seclusion or restraint of preschool children in violation of Ohio Administrative Code Section (OAC) 3301-37-10(D) and OAC 3301-35-15;
7. chemical restraint;
8. mechanical restraint (does not include devices used by trained school personnel, or by a student, for the specific and approved therapeutic or safety purposes for which such devices were designed and, if applicable, prescribed);
9. aversive behavioral interventions or
10. seclusion in a locked room or area.

The District may only use physical restraint or seclusion if staff:

1. are appropriately trained to protect the care, welfare, dignity, and safety of the student;
2. continually observe the student in restraint or seclusion for indications of physical or mental distress and seek immediate medical assistance if there is a concern;
3. use communication strategies and research-based de-escalation techniques in an effort to help the student regain control and
4. remove the student from physical restraint or seclusion immediately when the immediate risk of physical harm to self or others has dissipated.

Restraint

Physical restraint may not be used as a form of punishment or discipline, or as a substitute for other less restrictive means of assisting a student in regaining control. The use of prone restraint is prohibited. This policy does not prohibit the use of reasonable force and restraint as provided by RC 3319.41.

Restraint only may be used:

1. if a student's behavior poses an immediate risk of physical harm to the student or others and no other safe or effective intervention is available;
2. if the physical restraint does not interfere with the student's ability to breathe;
3. if the physical restraint does not interfere with the student's ability to communicate in the student's primary language or mode of communication and
4. by school personnel trained in safe restraint techniques, except in the case of rare and unavoidable emergency situations when trained personnel are not immediately available.

Seclusion

Seclusion may not be used as a form of punishment or discipline; for staff convenience; or as a substitute for an educational program, inadequate staffing, staff training in the PBIS framework and crisis management or other less

restrictive means of assisting a student in regaining control such that it is reflective of the cognitive, social and emotional level of the student; or as a means to coerce, retaliate, or in a manner that endangers a student.

Seclusion only may be used:

1. if a student's behavior poses an immediate risk of physical harm to the student or others and no other safe or effective intervention is available;
2. for the minimum amount of time necessary to protect the student and others from physical harm;
3. in a room or area that is not locked, does not preclude the student from exiting the area should the staff member become incapacitated or leave, and that provides adequate space, lighting, ventilation and the ability to observe the student;
4. under the constant supervision of trained staff able to detect indications of physical or mental distress that require removal and/or immediate medical assistance, and who document their observations of the student and
5. as a last resort to provide an opportunity for the student to regain control of their actions.

Multiple Incidents of Restraint and Seclusion

The District handles multiple incidents of restraint and seclusion in accordance with State law. Within 10 days of a student's third incident of physical restraint or seclusion in a school year, the District holds a meeting to address the situation. If the student has an Individualized Education Plan (IEP) or a 504 plan, the student's IEP or 504 team meets to consider the need to conduct a functional behavioral assessment or behavior intervention plan, or to amend an existing assessment or plan. For all other students, a team consisting of the parent, an administrator or designee, a teacher of the student, a staff member involved in the incident (if not the teacher or administrator already invited) and other appropriate staff members will meet to discuss the need to conduct or review a functional behavioral assessment and/or develop a behavior intervention plan. The District may choose to complete a functional behavioral assessment or develop a behavior intervention plan for any student who might benefit from these measures, not only those who have had three or more incidents of restraint or seclusion.

Training and Professional Development for the Use of Crisis Management and De-escalation Techniques

The District ensures an appropriate number of personnel in each building are annually trained in evidence-based crisis management and de-escalation techniques, as well as the safe use of physical restraint and seclusion, in accordance with the minimum training requirements set forth in State law. The District maintains written or electronic documentation of the name, position and building assignment of each person completing training as well the name of the person who provided the training, the date of the training and the protocols and the techniques and materials that were included.

Compliance with training requirements is reported to the Ohio Department of Education (ODE) by November 30 annually through the consolidated school mandate report.

If the District reports noncompliance, the Superintendent/designee must provide a written explanation to the Board within 30 days explaining this noncompliance and a written plan of action for accurately and efficiently addressing the problem.

Reporting and Complaint Procedure

Any incident of restraint or seclusion will be immediately reported to building administration and the parent. A written report documenting the incident will be completed and made available to the parent within 24 hours and maintained by the District. Staff also will conduct a debriefing, including all involved staff, the student and parent (if possible), to evaluate the trigger for the incident, staff response and methods to address the student's behavioral needs. The District annually reports information regarding its use of restraint or seclusion to ODE in accordance with ODE procedures.

The Board directs the Superintendent/designee to establish a procedure to monitor the implementation of State law and the District's policy on restraint and seclusion.

The Board directs the Superintendent/designee to establish District written complaint procedures, which include a:

1. procedure for parents to present written complaints to the Superintendent to initiate a complaint investigation by the District regarding incidents of restraint or seclusion;
2. requirement that the District respond to parents in writing within 30 days of the filing of a complaint regarding restraint or seclusion, and to make a reasonable effort to have an in-person meeting with the parent and
3. notice of additional complaint options available under State law.

Parents are notified annually of the District's seclusion and restraint policies and procedures, including the local complaint process which are also posted on the District's website. The District annually reviews the requirements of OAC 3301-35-15 and local policies and procedures related to PBIS and physical restraint and seclusion.

PLAGIARISM

In order to preserve an ethical learning environment, students must understand the importance of completing class assignments in both an individual and original manner. Plagiarism refers to class projects, research papers, and daily homework. Students will not receive credit for homework assignments, reports, research papers, projects, etc., which are plagiarized.

***Plagiarism:** the act of stealing and passing off as one's own (the ideas or work of another); to commit literary theft.
--Merriam-Webster's High School Dictionary*

In order to preserve an ethical learning environment, students must understand the importance of completing class assignments in both an individual and original manner. Any form of academic dishonesty, including acts of plagiarism, cheating, or deception constitutes academic misconduct and will not be tolerated. **This includes representing work created by artificial intelligence (AI) as your own.** Students will not receive credit for homework assignments, reports, research papers, projects, etc., generated in this manner.

Policies for the appropriate use of AI may differ from class to class and assignment to assignment. It is **incumbent upon the student** to understand the expectations of each assignment and, when necessary, to ask their teacher for clarification regarding the use of AI.

CELL PHONES AND WIRELESS EARBUDS

We expect students to be focused and on-task when they are in class. The expectation is for cell phones and Bluetooth earbuds/headphones/AirPods to be put away in the classroom to help eliminate distractions. **Students may have a phone but are not permitted to use it in class.**

Cell phones and earbuds are prohibited during class time *except under the request and supervision of instructional staff.* If a teacher or staff member designates that cell phones can be used for a class activity or break, students may do so. Otherwise, devices may be accessed before school, during class change, during lunch, and after school. **Students should not, at any time during the day, text other students, parents or staff as it interferes with instruction. If you need to reach your student in an emergency, you may contact the school office, and your student will be appropriately notified. Students may not record staff or other students, via picture, video or audio unless filming or recording as part of a teacher approved assignment.**

The consequence for violating this policy is a Flex Bell detention for the first infraction and Tuesday/Thursday School for subsequent infractions.

*Students will need to purchase a set of wire-connected earbuds for classroom use on Chromebooks, in the instance of teacher-assigned videos, etc.

ATTENDANCE INFORMATION

It is important that students attend school each day they are not ill. The Compulsory Attendance Law (O.R.C. 3313; 3321) requires that all students be in attendance, and in all classes assigned to them. Attendance is the responsibility of the student and the parent. Reasons for which absences may be excused include, but are not limited, to:

- **Personal illness.**
 - The approving authority may require the certificate of a physician if he/she deems it advisable.
- **Illness in the family.**
 - The approving authority may require a written statement from a physician and an explanation as to why the child's absence was necessary.
- **Quarantine of the home.**
 - The absence of a child from school under this condition is limited to the length of quarantine as fixed by the proper health officials.
- **Death of a relative.**
 - The absence arising from this condition is limited to a period of three days unless a reasonable cause may be shown by the applicant child for a longer absence.
- **Medical or dental appointment.**
 - The approving authority may require a written statement from a physician or dentist and an explanation as to why the child's absence was necessary.
- **Observance of religious holidays.**
 - Any child of any religious faith shall be excused if his absence was for the purpose of observing a religious holiday consistent with his truly held religious beliefs.
- **Emergency or other set of circumstances.**
 - Circumstances which, in the judgment of the superintendent of schools, constitutes a good and sufficient cause for absence from school.
- **College visitation.**
 - The approving authority may require verification of the date and time of the visit by the college, university, or technical college.
- **Traveling Out of State.**
 - Traveling out of state to attend a Board-approved enrichment activity or extracurricular activity (applies to absences of up to 24 school hours).

The following daily attendance procedures will be in effect for the 2023-2024 school year:

1. All absences from the high school, without prior approval, will be considered unexcused unless the parent or guardian notifies the school before 9:00 AM of the first day and each subsequent day of absence at 831-2990 option 1. This is a voice mail system and is operational 24 hours per day. A notification may be sent by email to: mhsattendance@milfordschools.org and absences may also be reported online at <https://milfordschools.org/contact-us/absence/>.
2. If no phone call was made or no email sent, the student should bring a signed note from the parent to the attendance office upon returning to school. If no phone call or email is received, parent or guardian will get an automated phone call to inform them of the absence.
3. Requests for early dismissals are to be in writing from the parent and brought to the attendance office prior to first period on the day needed. This note should include the reason for the early dismissal, who will be picking the student up, and a phone number of who can be contacted to verify the note if needed.

***The administration reserves the right to ask for a doctor's written excuse for any absence due to personal illness (beyond 65 hours). Students with chronic illnesses or problems must have a doctor's note on file each year.

TRUANCY AND ABSENCE POLICY

- A student will be considered to have excessive absences if they accumulate:
 - 38 or more hours in one month with or without a legitimate excuse.
 - 65 or more hours in one school year with or without a legitimate excuse.
- If a student has excessive absences the following will occur:
 - The district will notify the student's parents in writing within 7 days of the triggering absence.
 - The student will follow the district's plan for absence intervention.
 - The student and family may be referred to community resources.
- A student will be considered habitually truant if they accumulate:
 - 30 or more consecutive hours without a legitimate excuse.
 - 42 or more hours in one school month without a legitimate excuse.
 - 72 or more hours in one school year without a legitimate excuse.
- If a student is habitually truant, the following will occur:
 - The district will select members of an absence intervention team and make three meaningful attempts to secure the participation of the student's parent or guardian on the absence intervention team.
 - The district (within 10 days of the triggering absence) will assign the student to the selected absence intervention team.
 - The district (within 14 days after assigning the absence intervention team) will develop the student's absence intervention plan.
 - If a student does not make progress on the plan within 61 days (after the start of the plan) or continues to be habitually truant, the district will file a complaint in the juvenile court.

MAKE-UP WORK

- Students who are absent from school for an excused absence are permitted to make up all schoolwork. Students must complete all homework, in-class assignments, tests, etc. in a timely manner.
- Students are permitted to make up missed schoolwork from up to 5 unexcused absences per semester (other than suspension).
- If a student is going to be absent for an extended period, homework assignments and in-class assignments may be sent home prior to the dates of absence at the request of the parents/guardians.
- Upon returning to school from any type of absence, the student must take the initiative to make up for the work missed. Arrangements must be made between the student and the teacher on the first school day following the absence. Every effort must be made to ensure that all missed work is completed by the end of each grading period. "Incompletes" will be assigned on a case-by-case basis, and can have a negative impact on eligibility.
- Students absent from class for field trips or other school related activities during the school day (college visitations, job shadowing, athletic tournaments in which the student is a participant, etc.) are required to make up work for classes that are missed. This work is to be turned in the next school day. It is the student's responsibility to see his/her teacher(s) in advance of the absence to obtain assignments.
- Long Term Assignments: To receive full credit, long-term assignments must be submitted no later than the end of the student's class period on the due date, even if the student is absent. EXAMPLE: If a term paper is due in the 3rd period on Tuesday in a student's English class, the paper must be delivered to the teacher by 3rd period on Tuesday, even if the student is officially absent from school.

FAMILY VACATIONS

The Administration feels very strongly that family vacations should be arranged around the school calendar. If you find it absolutely necessary to take your vacation during the school year, please notify the school office and the classroom teachers as soon as possible to make arrangements for assignments.

Procedure for requesting an absence for a family vacation: (Please note that only family vacations will be considered for approval. A family vacation is defined as one in which the parent(s) or guardian(s) and the child will participate.)

1. The parent should explain in writing the circumstances necessitating the request for permission to miss school and attach a vacation form (located in the attendance office). The student is responsible for obtaining an initial

request form from the attendance office. Each teacher will indicate on the request form whether the vacation is academically advisable or inadvisable.

2. The completed form is returned to the appropriate assistant principal at least one week prior to the expected vacation. The final decision will be based upon the information received.
3. If the approval is given, the student is responsible for contacting teachers at least one week before the vacation will begin in order to obtain assignments which will be completed before vacation. Students and parents must recognize that certain labs, films, demonstrations, and discussions cannot be made up.
4. If approval is not granted, and the vacation is taken, the absence will be unexcused.

TARDINESS TO SCHOOL

Any student arriving after the beginning of school (tardy bell) must report to the main office to receive a tardy pass necessary for admittance to class. Discipline for excessive tardiness will be determined by the administrative team. Students must be present for over half of the school day to be eligible for any extracurricular or athletic contest or activity that day.

- The administration reserves the right to ask for written verification for any tardiness due to personal illness, court appearance, etc.
- Students are allowed six unexcused tardies to school per semester without disciplinary action.
- Students may suffer academic consequences for any unexcused tardy.

COLLEGE DAYS

All Seniors are entitled to a maximum of three college days. All Juniors are entitled to two college days during their junior year. It is preferred that all college days occur prior to the month of May. The purpose of these days is for the student to examine prospective colleges and universities. The days will not take away from a student's perfect attendance and will allow for make-up privileges as long as the appropriate form is completed one week in advance. College day forms are available from the attendance office. A dated and signed letter on office stationery from the college admissions office is required to qualify for an excused absence. Failure to provide documentation from a college or university will cause the absence to remain unexcused.

SCHOOL AGE VISITORS

No visitor will be permitted without advance approval of the administrative team. Classroom visitation will only be allowed after teachers have been notified and administrator approval has been given. No full day visitations will occur. If advance approval has not been obtained, visitors will be directed to the Main Office and sent home.

CANCELLATION OF SCHOOL

In the event of severe weather conditions, the operations manager may decide to cancel or delay school. Students and parents are asked to listen to their radio or television on severe weather days. Cancellations are also posted on the district website at www.milfordschools.org. Please DO NOT call the school or other district offices unnecessarily.

MEDICATION POLICY

The Ohio legislature enacted a law concerning the administration of medicine to students by school personnel. The Law, Ohio Revised Code 33.13.713, has established specific steps which must be taken prior to any school employee administering medicine to a student. A copy of the Milford Exempted Village School District policy, which is in compliance with the law, and the forms to be used with the policy may be picked up at any school office or our website, www.milfordschools.org.

Please take these items with you when your child has a doctor's appointment which may lead to prescribed medicine being taken at school. We will appreciate your cooperation in complying with this law and our policy, as the purpose of the law is to ensure your child's health and safety. Many students are able to attend school regularly only through the effective use of medication in the treatment of chronic disabilities or illnesses that will not hinder the health and welfare of others. The Milford Board of Education strongly recommends that required medications be administered at

home. Parents should ask their doctor to arrange the time medication is to be given to avoid school hours if possible. If this is not possible, parents may come to school to administer medication to their children. If this cannot be done, any pupil who is required by a physician's order to take medication during regular school hours must comply with the following policy:(JHCD-E-1)

1. Prescription drugs to be taken at school must be accompanied by a doctor's order, labeled with all necessary information including the student's name, the date, the name of the drug, and the time intervals to be taken.
2. Medication must be brought to the school clinic by the parent in a container appropriately labeled by the pharmacy or physician.
3. A release form and written permission from the parent/guardian of the student requesting that medication be given or taken during school hours must be presented. (Obtain the forms from the school office).
4. New request forms must be submitted each year and as necessary for changes in medication orders.
5. Prescription medication to be taken at school will be stored, out of view, in the clinic. (Refrigeration will be provided when necessary).
6. At no time may a student bring medication, prescribed or over-the-counter, to school. (Inhalers may be accepted). All medication must be brought directly to the school nurse by a parent or guardian. The school's role in the administration of this policy is one of cooperation with the parent and student, and we will take responsibility for the administration of medication only after the above guidelines have been followed.

ADMINISTERING NON-PRESCRIPTION DRUGS TO STUDENTS

If possible, all medication should be given by the parent at home. If this is not possible, over-the-counter, non-prescription drugs may be administered with parental completion of the non-prescription drug form [JHCDA-E]. This form allows over-the-counter medications to be given for no more than 10 days without a physician's statement. Additional information concerning the district's policy on prescription and nonprescription medication can be found on the district website.

IMMUNIZATION LAW (O.R.C. 3313.67-3313.6711)

Students who do not have evidence of proper immunizations or an exemption on file may be excluded from school following the 14th day after the first day of school.

STUDENT CODE OF CONDUCT

POSSESSION AND/OR USE OF TOBACCO BY STUDENTS

1. Section 3313.751 of the Ohio Revised Code prohibits all students, regardless of age, from smoking, using and/or possessing tobacco in any area under the control of a school or at any school sponsored activity. What this means is that any student caught using or possessing any form of tobacco is subject to administrative action, confiscation of the tobacco product, and subject to a \$100.00 fine according to S.B. 218.
2. Students are advised that leaving campus to smoke during the school day and then returning to campus is a direct violation of the school tobacco policy.

TOBACCO AND NICOTINE USE BY STUDENTS

The Board has a duty to protect and promote the health and well-being of all students and staff. The Board is acutely aware of the serious health risks associated with the use of tobacco and nicotine products, both to users and nonusers, and that most tobacco and nicotine use begins by the age of 18. Therefore, the Board adopts this 100% tobacco and nicotine free District policy to endorse a healthy lifestyle and prevent tobacco use.

For the purpose of this policy, "tobacco and nicotine" is defined to include any lighted or unlighted cigarette, e-cigarette, vapor pen, cigar, pipe, bidi, clove cigarette and any other smoking product, and spit tobacco, also known as smokeless, dip, chew and snuff, in any form.

Tobacco Use Prohibited

No student is permitted to smoke, inhale, dip or chew tobacco and nicotine at any time, including non-school hours:

- in any building, facility or vehicle owned, leased, rented or chartered by the District or
- on school grounds, athletic facilities or parking lots.

No student is permitted to smoke, inhale, dip or chew tobacco and nicotine at any time, including nonschool hours, at any school-sponsored event off campus.

Additionally, no student is permitted to possess cigarettes, other tobacco products, any lighted or unlighted cigarette, e-cigarette, vapor pen, cigar, pipe, bidi, clove cigarette and any other smoking product, and spit tobacco, also known as smokeless, dip, chew and snuff, in any form, papers used to roll cigarettes, lighters or other paraphernalia at any time.

Providing Notice

"No Tobacco" signs will be posted throughout the District at entrances and other appropriate locations in all academic buildings, administrative spaces and athletic fields. Students are provided notice of this policy through student handbooks. District vehicles will display the international "No Smoking" insignia. Announcements will be

made during home athletic events both before the event and during intermission, as well as at all school functions where deemed appropriate. School programs will include a written reminder of the no tobacco and nicotine use on District property policy. Students and parents are given copies of the standards of conduct and statement of disciplinary sanctions, and notified that compliance with the standards of conduct is mandatory.

Enforcement

Disciplinary measures taken against students for violations of this policy comply with the requirements of Federal and State law and related District policies and regulations. Specific measures are outlined in the Student Code of Conduct.

Note: Disciplinary measures listed below are to serve as a model. They may need to be adjusted in order to comply with current school policies and employment contracts; however, it is imperative that a 100% tobacco and nicotine free District policy is enforced through disciplinary measures. Alternative discipline measures may include nicotine cessation programs.

Searches of School Property Assigned to a Student

The following rules apply to the search of school property assigned to a student (locker, desk, etc.) and the seizure of items in his/her possession.

1. General housekeeping inspection of school property may be conducted with reasonable notice. Random searches of lockers may be conducted.
2. A search of a desk or other storage space may be conducted when there exists reasonable suspicion for school authorities to believe that the area being searched contains evidence of a crime or violation of school rules.
3. Search of an area assigned to a student should be for a specifically identified item and should be conducted in his/her presence and with his/her knowledge.
4. Items, the possession of which constitutes a crime or violation of school rules, or any other possessions reasonably determined to be a threat to the safety or security of others may be seized by school authorities at any time.

Searches of a Student's Person or Personal Property by School Personnel

Building administrators/designees are permitted to search the person and personal property (purse, backpack, gym bag, etc.) of a student where there is reason to believe that evidence will be obtained indicating the student's violation of either the law or school rules. The following rules apply in such cases.

1. There should be reasonable suspicion to believe that the search will result in obtaining evidence that indicates the student's violation of the law or school rules.
2. Searches of a student's person are conducted by a member of the same sex as the student.
3. Searches are conducted in the presence of another administrator or staff member.
4. Parents of a minor student who is the subject of a search are notified of the search and are given the reason(s) for the search as soon as feasible after completion of the search.
5. When evidence is uncovered indicating that a student may have violated the law, law enforcement officials shall be notified.
6. Strip searches should be discouraged. A substantially higher degree of certainty (more than a reasonable belief)

is required prior to conducting such a search. In cases in which school officials believe a strip search is necessary, law enforcement officials should be called to conduct the search.

Searches of Unattended Bags by School Personnel

Building administrators/designees are permitted to search any unattended bag found on District property for safety and identification purposes. Once the administrator/designee has determined the identity of the owner and that no safety or security issue exists, any subsequent searches of the item are based upon reasonable suspicion.

Searches of Student Property by Law Enforcement Officials

A law enforcement agency must have probable cause or produce a warrant prior to conducting any search of a student's personal property kept on school premises. When the law enforcement officials have reason to believe that any item which might pose an immediate threat to the safety or security of others is kept in a student locker, desk or other storage space, searches may be conducted without a previously issued warrant.

Interrogations by Law Enforcement Officials

The schools have legal custody of students during the school day and during hours of approved extracurricular activities. It is the responsibility of the school administration to try to protect each student under its control; therefore, the following steps shall be taken.

1. The questioning of students by law enforcement agencies is limited to situations where parental consent has been obtained or the school official has made an independent determination that reasonable grounds exist for conducting an interrogation during school hours.
2. Whenever possible, law enforcement officials should contact and/or question students out of school. When it is absolutely necessary for an officer to make a school contact with a student, the school authorities will bring the student to a private room and the contact is made out of the sight of others as much as possible.
3. The school principal must be notified before a student may be questioned in school or taken from a classroom.
4. The administration shall attempt to notify the parent(s) of the student to be interviewed by the law enforcement officials before questioning begins, unless extenuating circumstances dictate that this not be done.
5. To avoid possible criticism, a school official requests to be present when an interrogation takes place within the school.
6. When law enforcement officials remove a student from school, the administration will make an attempt to notify the parent(s).
7. Law enforcement officials should always be notified by the school principal whenever a student is involved in any type of criminal activity. When the principal learns of this involvement, he/she should notify the juvenile officer or detective bureau of the law enforcement agency. The school should not attempt to handle matters that are properly in the realm of a law enforcement agency.

BOOKBAGS

Book bags may be brought to school and carried to classes. Teachers may request students leave their book bags in their lockers.

STUDENT BEHAVIOR IN NON-INSTRUCTIONAL AREAS

Students' conduct in restrooms, corridors, cafeteria, auditorium, gymnasiums, and on school grounds is expected to reflect the rules of respect, health, welfare, rights and safety of others. Some kinds of behavior are out of order. Running, boisterousness, horseplay, and extreme loudness are not acceptable; nor is the school setting the place for "petting", "embracing" or other signs of affection beyond hand holding. Loitering in restrooms is prohibited. There should be no more than one person in a stall at one time. Students found with multiple people in a stall are subject to search based on reasonable suspicion. Students are expected to comply with reasonable requests made by staff in all non-instructional areas. Students should understand that the authority of the teacher does not end at the classroom door. Students are also expected to cooperate with hall monitors, cafeteria workers, aides, secretaries, and custodians since these people have the necessary authority to fulfill their assigned responsibilities.

HAZING AND BULLYING

Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. Throughout this policy the term bullying is used in place of harassment, intimidation and bullying.

Bullying, harassment and intimidation is an intentional written, verbal or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes both mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property or at a school-sponsored activity. Permission, consent or assumption of risk by an individual subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in this policy.

The District includes, within the health curriculum, age-appropriate instruction in dating violence prevention education in grades 7 to 12. This instruction includes recognizing warning signs of dating violence and the characteristics of healthy relationships.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices, are inconsistent with the educational process and are prohibited at all times. No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying.

Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the Superintendent/designee and appropriate discipline is administered.

The Superintendent/designee must provide the Board President with a semiannual written report of all verified incidents of hazing and/or bullying and post the report on the District's web site. The administration provides training on the District's hazing and bullying policy to District employees and volunteers who have direct contact with students. Additional training is provided to elementary employees in violence and substance abuse prevention and positive youth development.

District employees, students and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law. No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

Excerpt from Board Policy ([JFCF-R](#)) on Hazing and Bullying (Harassment, Intimidation and Dating Violence):

The Prohibition against hazing, harassment, intimidation or bullying is publicized in student handbooks and the publications that set the standard of conduct for schools and students in the District. In addition, information regarding the policy is incorporated into employee handbooks and training materials.

SCHOOL PERSONNEL RESPONSIBILITIES AND INTERVENTION STRATEGIES

Harassing, hazing, intimidating and/or bullying behavior by any student/school personnel in the District is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. Harassment, hazing, intimidation and/or bullying means any intentional written, verbal, graphic or physical acts, including electronically transmitted acts, either overt or covert, by a student or group of students toward other students/school personnel with the intent to haze, harass, intimidate, injure, threaten, ridicule or humiliate. Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity; in any District publication; through the use of any District-owned or operated communication tools. Including but not limited to District e-mail accounts and/or computers; on school-provided transportation or at any official school bus stop. Hazing, harassment, intimidation or bullying can include many different behaviors. Examples of conduct that could constitute prohibited behaviors include, but are not limited to:

1. physical violence and/or attacks;
2. threats, taunts and intimidation through words and/or gestures;
3. extortion, damage or stealing of money and/or possessions;
4. exclusion from the peer group or spreading rumors;
5. repetitive and hostile behavior with the intent to harm others through the use of information and communication technologies and other web-based/outline sites (also known as “cyber bullying”), such as the following:
 - a. posting slurs on web sites, social networking sites, blogs or personal online journals;
 - b. sending abusive or threatening e-mails, web site postings or comments and instant messages;
 - c. using camera phones to take embarrassing photographs or videos of students and/or distributing or posting the photos or videos online and
 - d. using web sites, social networking sites, blogs or personal online journals, e-mails or instant messages to circulate gossip and rumors to other students.
6. excluding others from an online group by falsely reporting them for inappropriate language to Internet service providers.

In evaluating whether conduct constitutes hazing or bullying, special attention is paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim and the motivation, either admitted or appropriately inferred.

CONSEQUENCES FOR VIOLATING THE CODE OF CONDUCT

DETENTION

Teacher Detention: Teacher-assigned detentions are to be served in an area designated and supervised by the assigning teacher. Students receiving detention will be given 24 hours notice prior to the assignment. This notification allows students to inform parents so necessary arrangements for transportation can be made. Students who violate the rules of detention will be reported to the appropriate administrator. Violations of the detention rules will cause the offending student to lose credit for attendance at detention.

Administrator Detention: These are assigned at the discretion of individual administrators and can be assigned before, during or after school. Detentions may include a work-related component.

Lunch Detention: Students will eat their lunch in a designated area under the supervision of a school official. Students may not talk and must report to the room within 5 minutes of their lunch bell.

Flex Detention: These are usually assigned by teachers for having a cell phone out during class. Students report to the assigned classroom during Flex B on Tuesdays or Thursdays. They may not talk, and they may not have their cell phones.

TUESDAY/THURSDAY SCHOOL

Tuesday/Thursday School is a disciplinary assignment occurring after school. Students are expected to bring academic work to complete. Administrators, faculty, and staff may assign students to Tuesday/Thursday School at their discretion. Tuesday will run from 2:15 to 3:30. Thursday School will run from 2:15 to 4:15. The rules in the Student Conduct Code will be followed. Failure to serve Tuesday/Thursday School can result in further consequences.

IN SCHOOL ASSIGNMENT

In School Assignment will be utilized for students that fail to follow procedures and policies adopted by the Milford Board of Education and need to be removed from the typical school setting for a given day. Students are expected to do academic work. Students are expected to follow all rules of student conduct. This includes the no cell phone policy.

SUSPENSION/EXPULSION

Ohio Revised Code §3313.66 requires that students are provided with a written notice of intent to suspend prior to being suspended. The statute also requires that students and parents are provided with a written notice of intent to expel. The notices shall include: (1) a statement of intent to discipline; (2) a description of the acts which were in violation of the Student Code of Conduct; (3) specific rules of the Student Code of Conduct which were violated; (4) and the dates of the suspension or expulsion. The written notice of intent to suspend shall be given to the student at an informal hearing. The notice of intent to expel shall be sent to the student and his/her parents and the students and parents will be provided an opportunity for an informal hearing prior to a decision to expel.

A student who is out of school due to suspension shall be permitted to make up work. This work, when submitted in a timely manner according to established procedures, will be accepted for credit. The absence for out of school suspension will be an excused absence.

A student or his/her parents may appeal any decision of the Milford Exempted Village School District administration to suspend a student from school to the Superintendent/designee. A student or parent must request an appeal in writing within 10 days after the discipline measure takes effect. The student and his/her parent may be represented in all appeal hearings.

It is the policy of the Milford Exempted Village School District Board of Education that students shall not be permitted to return to school pending any appeal process with the administration or the Court. The school district will make every effort to promptly hear all appeals to minimize a student's absence from school. Should the Board of Education, the Superintendent, or their designees, reverse or modify a discipline decision and permit a student to return to school, such student shall be permitted ample time to make up all assignments and work missed as a result of his/her absence.

STAY SAFE SPEAK UP

STAY SAFE SPEAK UP

In an effort to provide a safe environment for our students and staff, the Milford School District has partnered with PublicSchoolWorks to provide a hotline to report anything that is suspicious or endangering to students, their friends, or the school. A person with a concern can call or text information to 1-866-listen2me (1-866-547-8362). There is also a link on the district website.

DRESS AND GROOMING STANDARDS

DRESS CODE

The goal and purpose of this dress code is to set standards and expectations of dress which serve to support a learning environment that is safe and focused upon learning. A primary focus of Milford High School is to appropriately prepare students for life beyond the school environment and the standards listed below will prepare students to engage, adapt, and demonstrate responsibility safely both in the school environment as well as in life beyond the classroom walls.

- Student dress shall not compromise the safety of students or staff.
- Any garment or attire containing, referencing, promoting or glorifying alcohol, tobacco, drugs, gangs, violence, death, suicide, gore and/or blood are strictly prohibited.
- Garments and attire shall not be harassing in nature nor discriminate against any ethnicity, culture, gender, sexuality or religion.
- Student faces shall be fully and clearly visible at all times while on school property.
- Appropriate footwear shall be worn at all times while on school property.
- Outer layer of clothing should appropriately and reasonably cover the torso of the body.

EXCEPTIONS

Exceptions to the above dress code will be considered to provide for special events and to promote school spirit during these approved times. These exceptions require the prior approval of the building principal.

CONSEQUENCES

Students not in compliance with the Dress Code will meet with a school administrator to discuss their attire. The purpose of the discussion is to foster a learning opportunity for the student and return them appropriately to the learning environment. If necessary, disciplinary consequences may be issued by the administration. School administration will make the final determination on the appropriateness of student dress.

STUDENT TRANSPORTATION

BUS INFORMATION

The Milford Board of Education provides transportation for students in accordance with the rules and regulations of the State of Ohio. All schedules, routes, and stops are under the direction of Mr. Jud Phillips, Transportation Supervisor. Any questions about transportation of pupils to and from our schools can be answered by the Transportation Office.

STUDENT CONDUCT ON SCHOOL BUSES

Although the School District furnishes transportation in accordance with State law, it does not relieve parents or students from the responsibility of supervision until such time as the student boards the bus in the morning and after the student leaves the bus at the end of the school day.

Once a student boards the bus, he/she becomes the responsibility of the school district. Such responsibility will end when the student is delivered to their place of safety at the bus stop. Students on a bus are under the authority of and directly responsible to the bus driver. The driver has the authority to enforce the established regulations for bus conduct. Disorderly conduct or refusal to submit to the authority of the driver will be sufficient reason for refusing transportation service to any student. Video cameras will be used on buses to monitor student behavior and may be used as evidence in student disciplinary proceedings.

The following regulations pertain to school bus conduct and are intended to ensure the safety and proper maintenance of school buses. Riding to school is a privilege and convenience. The failure of a student to follow these regulations may result in him/her forfeiting the privilege of transportation by school bus.

Students will:

1. Be careful when approaching bus stops-walk on the left toward oncoming traffic; be sure the road is clear, look both ways before crossing the highway.
2. You need to be at the bus stop in your assigned safety spot five minutes before your scheduled pickup time, this is for your own safety. Never run after the bus if you are late, call transportation to contact your driver to see if it is possible to pick you up.
3. Sit in assigned seats. Bus drivers have the right to assign a student to a seat in the bus and to expect reasonable conduct in a manner similar to that of a teacher in a classroom.

4. Reach the assigned seat in the bus without disturbing other students and remain seated while the bus is moving.
5. Obey the driver promptly and respectfully, realize the driver has an important responsibility.
6. Keep the bus clean and sanitary. No eating on the bus, this includes chewing gum, candy, soft drinks or ice cream. This is a School Bus State Law.
7. Do not engage in loud talking or laughing. Unnecessary confusion diverts the driver's attention and may result in a serious accident.
8. Keep head, arms, and hands inside the bus at all times as windows are intended for light and ventilation.
9. All students should be courteous to fellow students and to the bus driver at all times.
10. Treat bus equipment as you would treat valuable furniture in your homes: damage to seats and any other parts will be billed to the student responsible for the damage.
11. Remain seated until the bus stops to unload and wait for the signal from the bus driver and then cross the road in front of the bus.
12. Students should not, at any time during the day, text other students, parents or staff as it interferes with instruction. Students should not record staff or other students, via picture, video or audio unless filming or recording as part of a teacher approved assignment.

STUDENT DRIVING

The Milford Board of Education assumes no liability for any vehicle nor theft from and/or damage to vehicles which are parked on school property. Students should be aware that vehicles (considered storage space) parked on the school premises or in the school parking lot are subject to search when officials have reason to believe weapons, drugs, or objects prohibited by school policy or state law are contained therein. Student driving to school is a privilege, not a right. This privilege may be extended to students who meet established criteria.

Students who wish to drive and park on school premises must complete a parking permit registration. Students will only be permitted to drive and park after a permit is issued. Students are advised that all school parking lots and drives are checked on a daily basis. Any vehicle in the student parking lot without a valid permit (hang tag) displayed in the appropriate place, not properly registered with the office, or not parked in the correct location is subject to school consequences.

Registration for permits will be available from administration. Priority for permits will be granted to state approved units of vocational education, school sponsored extracurricular activities, and family needs as approved by the parking lot coordinators or the administration. The cost of the permit will be determined by the Board of Education. Students who are issued permits are subject to all rules and regulations pertaining to the operation and parking of vehicles on school property.

Students who violate rules and regulations will be subject to having their permits revoked, forfeiture of fees, car towed, and/or may be subject to appropriate discipline.

Students may be denied application of parking permits due to outstanding obligations to the school.

2023-2024 Fees must be paid down to \$500 to obtain a parking pass.

2024-2025 Fees must be paid down to \$400

2025-2026 Fees must be paid down to \$300

STUDENT I.D. CARDS

Student Photo I.D. Cards are required and necessary for admittance to many school sponsored events including dances and athletic contests. Students will also use their I.D. cards to check books and other materials from the school library. In addition, the I.D. will allow the student to pay the student admission price rather than the general admission price if tickets are bought in advance of athletic events. All students are **REQUIRED** to be photographed for ID CARD purposes as part of the school picture program. ID CARDS are free to the student, whether a package is purchased or not. There is no charge for the I.D. card if taken on Picture Days TBD. After that time, pictures for I.D. cards will be taken in the Media Center. There will be a \$5.00 charge for replacement (lost or stolen) cards and for any student who did not have pictures taken on the scheduled picture days. Money will be paid before the picture is taken for the ID. New students should see Mrs. Chandler in the Media Center to receive an ID card at no cost. New ID cards will be issued each year. ID's from previous years will not be valid when the 2023-2024 IDs are issued. Students will be required to produce the Student I.D. at any time when asked.

VISITOR PASSES

Any person who is not a Milford High School student or a member of the Milford High School staff must sign in at the administration office and secure a visitor's pass.

STUDENT LOCKERS

Each student may receive a locker assignment at their request. Students should not give their combination to any other student. Students are allowed to use their lockers before first period, prior to lunch, and at the end of the day. At any other time, if a student is going to their locker, they must have a hall pass from a teacher. The lockers are the property of the school district. Students should be aware that their assigned locker will be jointly accessible to the student and school officials and may be subject to search at the discretion of school officials.

Gym lockers and locks will be issued to all students participating in Physical Education and/or extracurricular activities. Students should use the same approach for safeguarding both gym and student lockers. Loss of this lock will result in a replacement fine.

Students should secure their personal belongings at all times. This is extremely important in gym locker areas. Use the lock provided in the locker area. Students are cautioned not to bring valuables and/or large amounts of money to school. The school is not responsible for lost or stolen items.

HALL PASSES

Students may be excused from the classrooms during class with a hall pass approved by their teacher. The teacher has the final authority to determine when and how the pass shall be used. Any abuse of the hall pass usage may result in the loss of this privilege. Milford High School uses an electronic hall pass. Students will be given instructions on how to use it within the first days of school

STUDENT USE OF PERSONAL TECHNOLOGY DEVICES

Milford Exempted Village School District (MEVSD) provides students access to a wireless network and the option of utilizing a personal technology device as a means to enhance their education. The purpose of this procedure is to assure that students recognize the limitations the school imposes on their use of personal technology devices. This policy covers

any portable device capable of utilizing wireless internet access, including, but not limited to a cell phone, music player, laptop, personal data assistant, or tablet style device.

In addition to this procedure, students using any school computer or personal technology device must abide by the Milford Exempted Village School District's Acceptable Use Policy. Students may be limited to accessing the Internet in posted "hot spots" throughout the school. Students must be seated and working independently while on their personal technology devices.

GENERAL USAGE

MEVSD will allow students to bring a personal technology device to school to use as an educational tool. The use of these personal technology devices will be at the discretion of the teacher. The following guidelines apply:

1. Students must have a signed Acceptable Use Policy on file with the district for the current school year.
2. Students must obtain teacher permission before using a personal technology device during classroom instruction.
3. Student use of a personal technology device must support the instructional activities currently occurring in the instructional environment.
4. Students must turn off and put away a personal technology device when requested by a teacher.
5. Students should be aware that their use of the personal technology device could cause distraction for others in the classroom, especially in regards to audio. Therefore, audio must be muted and/or headphones used during instructional time. Volume should be lowered appropriately to avoid permanent hearing loss.
6. Students may use their personal technology device before school, at lunch and after school. The technology device should be used for educational purposes during these times. If an adult asks a student to put his/her personal technology device away because of games or other non-instructional activities, the student must comply or appropriate consequences will be assigned.
7. Students are reminded that book bags and/or large bags are not allowed out of lockers during the school day. Computer carrying cases will be allowed only if they are used to carry a personal technology device. Large bags or bookbags that hold a device do not constitute a computer carrying case. The judgment of any questionable carrying case will rest entirely with an administrator. Any student that disregards this provision or does not comply will lose computer privileges.

CONSEQUENCES OF GENERAL USAGE

If students refuse to comply with the above guidelines, the following consequences will apply. Student infractions will be documented as a referral for each offense. The consequences for these infractions are outlined below:

- **1st Offense** = Personal technology device will be confiscated until the end of the school day, when the student may retrieve it.
- **2nd Offense** = Personal technology device will be confiscated until the end of the day, when the student's parent must retrieve it.
- **3rd Offense** = Loss of personal technology device privileges for the remainder of the year.

*** Personal technology devices confiscated will be placed in the principal's office. If the principal is not available to reissue the personal technology device to the student, the student must wait until the next day.*

SECURITY RISKS

Personal technology devices are especially vulnerable to loss and theft. These devices may be targeted for theft in school, on school grounds and on buses.

To minimize these risks, please review the following steps detailed below to provide protection:

1. Students are required to place an identifying name tag on the device. Please place a label on the top of the device as well as the power source.
2. Personal responsibility; be aware of potential risks
3. Physical security; consider safe storage of devices both in school, on school property and when traveling to and from school
4. Access; protect personal login information

- **Personal Responsibility**
 - MEVSD accepts no responsibility for personal property brought to the school by students. This includes any type of personal technology device. Students who choose to bring a personal technology device to school assume total responsibility for it. Personal technology devices that are stolen or damaged are the responsibility of the student and their parents or guardians. Students should take all reasonable steps to protect against the theft or damage of their technology device.
- **Physical Security**
 - Users should take the following preventative security measures:
 - Personal technology devices should NEVER be left unattended for ANY period of time. This includes a locked classroom. When devices are not in use they should be locked in the owner's school locker.
 - Personal technology devices must not be:
 - Left unattended at any time (If a personal technology device is left unattended it will be picked up by staff and turned into the Office).
 - Left in view in an unattended vehicle.
- **Access**
 - Students may only access the Internet via the designated wireless network. Any student found connecting his/her personal technology device to the network will have his/her personal technology device confiscated and lose access privileges.
 - No student shall knowingly gain access to, or attempt to gain access to, any computer, computer system, computer network, information storage media, or peripheral equipment without the consent of authorized school or district personnel.
 - No student will install District-owned and licensed software on their personal technology device.

COMPUTER/ONLINE SERVICES

(Student Acceptable Use and Internet Safety)

STATEMENT OF PURPOSE

Please read this document carefully. This is part of the student code of conduct. Therefore, this is a legally binding agreement indicating that by using any district technology resource, students have read the terms and conditions carefully and understand their significance. The details of this agreement reflect Board policy [EDE](#).

The Milford Exempted Village School District Board of Education recognizes that an effective educational system develops students who are globally aware, civically engaged, and capable of managing their lives and careers. The Board also believes that students need to be proficient users of information, media, and technology to succeed in a digital world.

Therefore, the Milford Exempted Village School District will use technology resources as a powerful and compelling means for students to learn core subjects and applied skills in relevant and rigorous ways. It is the district's goal to provide students with rich and ample opportunities to use technology for important purposes just as individuals in workplaces and other real-life settings. The district's technology resources will enable educators and students to communicate, learn,

share, collaborate and create, to think and solve problems, to manage their work, and to take ownership of their lives. The district authorizes the use of digital resources approved by the department of curriculum and instruction. Privacy policies for digital resources are available on the district website.

FILTERING AND MONITORING

Filtering software is used to block or filter access to visual depictions that are obscene and all child pornography in accordance with the Children’s Internet Protection Act (CIPA). Other objectionable material could be filtered. The determination of what constitutes “other objectionable” material is a local decision.

Filtering software is not 100% effective. While filters make it more difficult for objectionable material to be received or accessed, filters are not a solution in themselves. Every user must take responsibility for his or her use of the network and Internet and avoid objectionable sites.

Any attempts to defeat or bypass the district’s Internet filter or conceal Internet activity are prohibited, whether made with a district or personal technological device. This includes, but is not limited to, use of proxies, https, special ports, third party applications, portable hotspots, modifications to district browser settings and any other techniques designed to evade filtering or enable the publication of inappropriate content.

The district will provide appropriate adult supervision of Internet use. The first line of defense in controlling access by minors to inappropriate material on the Internet is deliberate and consistent monitoring of student access to district computers.

Staff members who supervise students, control electronic equipment or have occasion to observe student use of said equipment online make a reasonable effort to monitor the use of this equipment to assure that student use conforms to the mission and goals of the district.

Staff makes reasonable efforts to become familiar with the Internet and to monitor, instruct and assist effectively.

Students are obligated to immediately report inappropriate or questionable content inadvertently viewed or accessed. Students shall report content to staff, and staff shall report the content through the designated support helpdesk.

PERSONAL RESPONSIBILITY

By using the network resources of the district, you are agreeing not only to follow the rules in this policy, but are agreeing to report any misuse of the network to a teacher or building principal. Misuse means any violation of this policy, Board policy, or any other use that is not included in the policy, but has the effect of harming another person or his or her property.

GAGGLE

Gaggle is a safety tool that proactively alerts school officials if students show signs of self-harm, substance abuse, threats of violence, and other harmful situations.

It works within the Milford Schools technology ecosystem, including Google Drive, Google Chat, Gmail and Google Search. It does not monitor your personal social media, web or email activity that occurs outside of the Milford Schools network or devices.

The primary purpose of Milford’s partnership with Gaggle is three-fold:

- (1) Supporting student mental health,
- (2) Averting violence, and
- (3) Preventing and ending cyberbullying.

Students and families should know that syncing external devices is not recommended with school-issued Chromebooks. Synced items in a student's Milford Google Suite are monitored via Gaggle.

ACCEPTABLE USE

Any student enrolled in the district will have computer network and Internet access during the course of the school year only, except for district-sponsored summer programs.

By using any district technology resources, students, staff and guests acknowledge and understand the following regarding the use of the computer/network:

The district reserves the right to inspect files stored on any personally owned device that is permitted to directly connect to the district network. An individual designation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or district policy.
- All electronic data created for administrative or instructional purposes under the Board-approved curriculum for a course or program is the property of the district.
- The rules and regulations of online etiquette are subject to change by the administration. The student code of conduct rules are applicable in the online environment as well.

Users retain responsibility for the activity of anyone accessing the computer and/or network under their account. Users shall keep personal account information, home addresses and telephone numbers private. They shall use this system only under the login and password information issued to them by the district. Users shall not grant others access to a computer and/or the network under their login and password. If you believe your computer account has been compromised, contact the helpdesk or building principal immediately.
- Computer systems and the district network shall be used only for purposes related to education.
- Violation of this policy and agreement may result in the cancellation of user privileges and possible discipline under the student code of conduct.
- Use of personal technology devices on school grounds, inside district vehicles, or remotely connecting to district resources via the Internet is also governed by this policy.

The Milford Exempted Village School District is providing access to its computer network and the Internet for educational purposes only. If you have doubt about whether a contemplated activity is educational, you should ask your teacher or building principal if a specific use is appropriate.
