8th Grade Registration Planning Worksheet for the 23-24 School Year

Use the following chart to plan your elective selections for next school year. You need to choose up to **8 points** by circling the point value of the classes you would like to take. Please also choose **2 alternate** classes by checking the box next to different classes that you could use as alternates if you are not able to get into your first choices. You will enter your selections into PowerSchool during science class between February 10th and February 16th, 2023.
